Re: Extension of Deadline for Longview Fibre Company to Respond to Request for Information Pursuant to Section 104(e) of CERCLA, for the Lower Duwamish Waterway Superfund Site, Seattle, Washington.

Dear Mr. Courtney:

We received your letter dated May 22, 2008 requesting an extension of the deadline to respond to EPA's Request for Information related to the Lower Duwamish Waterway Superfund Site. In that letter, you state that you represent Longview Fibre Company. Through this letter, EPA is granting an extension for your response until June 13, 2008, as you requested.

If you have any further questions, please call me at 206-553-1813.

Sincerely,

**Re: Request for Information – Lower Duwamish Waterway Superfund Site: Longview
Fibre Company (Longview Fibre Paper and Packaging, Inc.)**

Dear Ms. Hong:

On behalf of my client, Longview Fibre Company (Longview Fibre Paper and Packaging, Inc. ("LFPPI")), I am requesting an approximate two-week extension up to and including June 13, 2008, for submitting a response to the United States Environmental Protection Agency's ("EPA") March 25, 2008, Request for Information – Lower Duwamish Water Superfund Site, issued pursuant to Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"). LFPPI seeks this additional two weeks to respond to EPA's Section 104(e) information request due to the unanticipated unavailability of certain key personnel who are fundamental to the final review and assembly of the documents and narrative portions of LFPPI's response.

In addition, as LFPPI has been conducting the final organization of documents responsive to EPA's request for information, the company has recently become aware of the existence of additional potentially responsive documentation that was overlooked during the initial search and review. Company personnel have located these documents, but they now need to be reviewed and, if determined responsive, copied for inclusion in the final response. This effort and internal final review of the response will most likely take a couple of weeks.
